Whereas on October 31, 1997, the Secretary of State appointed a Special Coordinator for Tibetan Issues to oversee United States policy regarding Tibet: Now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That Congress—

(1) expresses grave concern regarding the findings of the December 1997 International Commission of Jurists report on Tibet that—

(A) repression in Tibet has increased steadily since 1994, resulting in heightened control on religious activity; a denunciation campaign against the Dalai Lama unprecedented since the Cultural Revolution; an increase in political arrests; suppression of peaceful protests; and an accelerated movement of Chinese to Tibet; and

(B) in 1997, the People's Republic of China labeled the Tibetan Buddhist culture, which has flourished in Tibet since the seventh century, as a "foreign culture" in order to facilitate indoctrination of Tibetans in Chinese socialist ideology and the process of national and cultural extermination;

(2) supports the recommendations contained in the report referred to in paragraph (1) that—

(A) call on the People's Republic of China—

(i) to enter into discussions with the Dalai Lama or his representatives on a solution to the question of Tibet;

(ii) to ensure respect for the fundamental human rights of the Tibetan people; and

(iii) to end those practices which threaten to erode the distinct cultural, religious and national identity of the Tibetan people and, in particular, to cease policies which result in the movement of Chinese people to Tibetan territory;

(B) call on the United Nations General Assembly to resume its debate on the question of Tibet based on its resolutions of 1959, 1961, and 1965; and

(C) call on the Dalai Lama or his representatives to enter into discussions with the Government of the People's Republic of China on a solution to the question of Tibet;

(3) commends the appointment by the Secretary of State of a United States Special Coordinator for Tibetan Issues—

(A) to promote substantive dialogue between the Government of the People's Republic of China and the Dalai Lama or his representatives;

(B) to coordinate United States Government policies, programs, and projects concerning Tibet;

(C) to consult with the Congress on policies relevant to Tibet and the future and welfare of all Tibetan people, and to report to Congress in partial fulfillment of the requirements of section 536(a) of the Public Law 103-236; and

(D) to advance United States policy which seeks to protect the unique religious, cultural, and linguistic heritage of Tibet, and to encourage improved respect for Tibetan human rights;

(4) calls on the People's Republic of China to release from detention the 9-year old Pan-chen Lama, Gedhun Cheokyi Nyima, to his home in Tibet from which he was taken on May 17, 1995, and to allow him to pursue his religious studies without interference and according to tradition;

(5) commends the President for publicly urging President Jiang Zemin, during their recent summit meeting in Beijing, to engage in dialogue with the Dalai Lama; and

(6) calls on the President to continue to work to secure an agreement to begin substantive negotiations between the Government of the People's Republic of China and the Dalai Lama or his representatives.

CHILD NUTRITION AND WIC REAUTHORIZATION AMENDMENTS OF 1998

Mr. SANTORUM. Mr. President, I ask unanimous consent that the Senate proceed to the consideration of Calendar No. 462, S. 2286.

The PRESIDING OFFICER. The clerk will report.

The bill clerk read as follows:

A bill (S. 2286) to amend the National School Lunch Act and the Child Nutrition Act of 1966 to provide children with increased access to food and nutrition assistance, to simplify program operations and improve program management, to extend certain authorities contained in those Acts through fiscal year 2003, and for other purposes.

The PRESIDING OFFICER. Is there objection to the immediate consideration of the bill?

There being no objection, the Senate proceeded to consider the bill.

Mr. SANTORUM. Mr. President, I find it quite ironic that I am, at the closing here, passing this bill about which I have strong reservations because I was not able to place an amendment in and have an amendment debated on this bill. But this is the child

nutrition bill, and I understand a lot of very important things need to be done.

I very much would have liked to have had the opportunity to debate something that all the nutrition groups, all of the public interest groups, as well as a lot of manufacturers who use peanuts, would love to have seen, and that is an opportunity for us not to have the Child Nutrition Program paying an exorbitant amount of money, more than they need to, robbing children of the ability to get food in other places because we pay such high prices for peanuts in this country for food programs.

It would be nice if we would have been able to debate that amendment, but we can't.

Mr. DASCHLE. Mr. President, is it my pleasure today to join my colleagues on the Senate Agriculture, Nutrition, and Forestry Committee in supporting S. 2286, the Child Nutrition and WIC Reauthorization Amendments of 1998. This important bill expands subsidies for snacks in after-school programs, establishes a research program for universal school breakfasts, and makes several administrative changes in the school food service programs, in the Women, Infants and Children (WIC) Program and in the Child and Adult Care Food Program (CACFP). I believe that we have developed a good bill that represents real progress for child nutrition and school food services and I am pleased it has received strong bipartisan support.

I'd like to take a few moments to elaborate on a few aspects of the bill that are particularly important to South Dakotans and to all Americans. I am a cosponsor of the Schools for Achievement Act, which would give all children, regardless of income, access to a healthy, free breakfast. While we were unable to find consensus on a way to fund a universal breakfast program, S. 2286 establishes a multi-year free breakfast study. The study will be conducted at several sites, both rural and urban, and will rigorously evaluate impact of free breakfasts. The purpose of authorizing this study is to test whether providing breakfast at school helps children perform better scholastically and improves overall levels of child nutrition. I am confident the school breakfast project will justify consideration of the Schools for Achievement Act.

For Congress to have access to the benefits of this study, however, we need to ensure that it will be funded. Funding for the school breakfast research project is uncertain in the House companion bill, because H.R. 3874 includes only authorizing language and relies on the Appropriations Committee to fund the project. As we all are aware, funds available to the Appropriations Committee have been greatly constrained by last year's Balanced Budget Agreement. If funding were unavailable, this research would be delayed, and the intentions of the authorizers would be undermined. We in the Senate have determined that
